

Amazing Mom Contest Winners

Donna

She is an Amazing Mom because she works, volunteers at school, teaches a class at my home school co-op and does so much else, in addition to taking care of my siblings and me. She is always helping us to be good people, as well as grow our imaginative and adventurous sides! She really plays the part of Super Mom and anyone who knows her will agree. My mom persevered through the challenging first five years of my life when she was single, always giving the most and best she could to me. She is so selfless, caring for and putting everyone else first. Because of her I was able to home school these past three years and have opportunities I wouldn't have had otherwise. She is so supportive and just this past year she has helped me through college and scholarship applications, challenging senior year classes at home, Holyoke Community College, and the co-op, as well as taken care of me when I was very sick and hospitalized over Christmas, had a severe concussion snowboarding over February break and was injured in a highway car accident a couple of weeks ago. It's been a crazy year but because of my mom, I've made it through.

I'm sorry for going over the word limit but I really wanted to show you how amazing my mom really is. I want to do something extra special for her this Mother's Day because it is also my 18th birthday and 18 years ago she brought me home from the hospital on Mother's Day.

I learned about Quinn's Fine Jewelry's Amazing Mom contest when my mother brought me in to continue the tradition her mother started with her by buying me a ring to celebrate my 18th birthday and high school graduation. Help me to do something special for her so she can know how much I love her and how amazing of a mom she really is.
