

Amazing Mom Contest Winners

Michelle

She has instilled in my granddaughter, Zoe, a love of nature, all of God's creatures and creation. She makes time to help others – cares for the elderly, especially my own mother during the final years of Mom's life. Now she even takes my mother-in-law (who is 92) on happy, fun outings. She is teaching my granddaughter by example to care for others. I thank God everyday for bringing Michelle into our family and for loving our son.
